PICK THE WINNERS

MARYVILLE HIGH SCHOOL REPRESENTATIVES CHOSEN

TO COMPETE NEXT FRIDAY

Winners of Coming Event to Enter the State Normal Contest May 10—Prospects Good.

The final try-outs for the sub-district Literary contest which is to be held at the high school next Friday night and which is to be followed by the annual district contest at the State Normal School May 10, was held last night at the Maryville high school auditorium, the winners in the previous preliminary contests contending for the honors to represent their school in the coming meeting.

The finals last night were conducted for each of the separate sections of the program which is carried out in the state contest. Martin Penisten was the winner in the boys' extemporaneous speaking contest; Ruth Bookman in the girls' extemporaneous; Harold Houchens in the boy's oratorical, and Ruth Miller in the girl's declamation contest. The musical contest was won by the boy's quartet of the high school composed of Messrs. Lee Maier, Floyd Foreman, Clifford Hull and Russell Allan.

The musical contest was judged by Mrs. Fred Robinson, Miss Jennie Garrett, and Mrs. H. L. Raines. All the speaking contests were judged by Prof. C. A. Hawkins, Mrs. C. C. Leeson, and Mrs. Anderson Craig. The essay contest was won by Miss Vivian Lyle, the judges in this event being Messrs. Roy Peasley, L. E. Zeigler, and Superintendent of Schools, J. M McDonald.

Martin Penisten, the winner of the Boy's Extemperaneous Contest made an excellent talk, taking as his subject, "The Victory Loan." The young man presented some excellent arguments why the Loan should be put over at this time, and the personal feeling which he gave to his statements carried conviction.

In the girl's extemperaneous contest, Ruth Bookman took as the subject of her talk, "De-Germanizing Belgium" and although she was given only a few minutes to prepare for the talk, she brought out some vital facts concerning the big question. Ruth Miller, winner of the Girl's Declamation event, gave a clever presentation of her subject "At the Matinee."

Harold Houchens, who was selected to represent the school in the Boy's Oratorical event took as his subject "The War Message." In his talk he gave President Wilson's message to congress when the United States was about to enter the great world war. Speaking clearly and with the utmost confidence, he easily gained the decision of the judges.

Superintendent McDonald announced last night that the winners of the contest have been voted medals by the Board which would be presented at a later date. He also announced that medals would be presented to the winners at the coming contest at the State Normal School.

The students at the high school are looking forward now to the coming contests and as a result of the high standard of the talks given last night, confidence is felt that Maryville will place in the big state meet.

Among the high schools which will be represented at the contest next Friday night in the school auditorium will be Burlington Junction, Elmo, Fortesque, Forest City, Barnard, Hopkins, Fairfax and Savannah.

"A. The Dame Smiled"

Of course she smiled. Ma'mselle fashion just tickled all over with smiles from the top of her smart victory red hat to the tips of her patent oxfords when the weather man sent out "Sunshine tomorrow."

Hasn't the dame done this "hippity-hoppity-doo" on West Third Petticoat Lane; pirouted down the Rue de la Haines and visited Eversole Esplanade, admiring the rainbow of Spring clothes let down to Maryville just for the Easter parade tomorrow. And then she took her charming little self into the hat shops and preened in front of the chevals and twisted her pretty little head this way and that, friend husband also twisted, trying to get his bill book out of his hip pocket. Dad don't risk curvature of the spine—he just lays his out in plain sight at the beginning of the spring season.

And oh, the gorgeousness of the spring frocks, The minute the armistice was signed every dye man, dry goods man and manufacture hung out the "busy day" sign and soon put forth a riot of colors and fabrics that would make the tony Queen of Sheba look like a modest little wild wood violet. And the Maryville buyers went after the choice things and if there is a women, who isn't done like a conquering heroine tomorrow, the gray matter under her marcel needs an application of Hudnut's cold cream. One's good old "three R.'s" education is most done for, too, now days. When a saucy little flapper speaks of buying hereself a sipper straw, don't think she is speaking of one of those imitation macaroni things used to guzzle Reuillard's chocolate frappes through. Wrong. She refers to a nifty straw, shiny like it had been dosed with alumishine, that she bought down at Ashfords for, really a mere trifle, only $13.75.

But the latest word in styles, the real de luxe clothes are to be worn by the men this season. The head of the National clothiers association says the correctly dressed man must wear colors this season. Imagine the dignified Shulie Ford going to church Sunday dressed in a poilu blue suit, or a big Buick rolling along with C. W. Yehle at the wheel dressed in the latest henna shade. And then there is E. E. Williams, who would wear the reds well. He probably would indulge in the American beauty shades and George Rob Ellison in the new leaf greens and Harvey L. wants any color so it is red, so he will of course select the Victory scarlet, George Baker would look handsome in the purples now shown. By the way, did you know that George B. was authority for the statement that jumping the rope is a sure reducer of embonpoint. But to return to colors Charlie Corwin and Dan Eversole and George Wilfley and E. L. Townsend and the more dignified crowd will prefer the piping rock grays and the lovely browns.

And the blonds like Dick Hotchkins and Will Montgomery can wear the royal purple and rose combinations first and there is a maroon that will be absolutely fetching on types like C. F. Remus and Neil Somerville. And glory me, won't we have an Easter parade tomorrow.

BANKERS TO ASSIST

DECIDED THAT FULL ALLOTMENT SHOULD BE ABSORBED

PATRIOTIC INVESTMENT

No Extensive Campaign Will Be Made as Heretofore—Help Bring the Boys Home.

Resolutions of the Bankers.

Whereas, the United States Government has alloted to Nodaway County the amount of $1,040,750 Vivtory Liberty Loan.

The undersigned bankers of Nodaway County, had a meeting held in Maryville on this 18th day of April, 1919, have decided that Nodaway County should absorb its full allotment, and it is the duty of each and every banker of the County to cooperate with, and assist, as far as possible, the Victory Loan Organization of the County in the sale of these bonds.

The above resolutions were adopted by the bankers of Nodaway County in attendance at the meeting at the Commercial Club yesterday afternoon to discuss plans for the Victory Loan campaign.

The bankers decided that Nodaway County should absorb its full amount of $1,040,750, and that it was the duty of every banker to cooperate with, and assist, as far as possible, the Victory Loan Organization of the County in the sale of these bonds.

While no extensivee campaign will be made for the sale of these bonds as heretofore, yet efforts will be made to sell the bonds to as many people as possible. Assistance will be given by the Women's Division under the direction of Mrs. D. J. Thomas, chairman for Nodaway County.

The loan this time is for purchase of notes of the U. S. government, due in five years, with 4¾% interest.

That's better than previous loans, A good buy.

Previous loans, which were long time bonds, bringing 4¼% interest on last Monday were selling at .93 on the dollar, which makes 4.57 as compared with 4.75 for the new notes—with 1.04 as compared with the money you invested before.

If you want to make the notes absolutely untaxable, except for estate and inheritance taxes after you are dead, then the notes may be converted into 3¾% notes wholly tax exempt during your lifetime. Compare these again with sililar loans from the government before, which now are selling for .99 on the dollar; the value of the other being 3.53, makes thmis present buy worth 3.75, or 1.06 compared with .99 of the former loan.

But putting a dollar mark before patriotism is like trying to carry mother's love in a money purse. It can't be done. The reason we buy these notes of the government is because Uncle Sam needs the money.

Let's show the country we are not quitters.

Don't let your town or school district lag behind.

If you can't afford to pay the money, then borrow, or pay on the installment plan; 10% on May 10th, 10% July 15th, 20% Aug 12th, 20% Sept. 9th 20 per cent Oct 7th, and the last 20 per cent, Nov 11th, with accrued interest on the deferred instllments.

This will be the last popular loan asked of the people because of the war, says Secretary Glass. There will be further issue of government securities, no doubt, to pay the belated expenses; but the people generally will not be asked to subscribe.

The loan asked of the people this time is smaller than we expected. It was expected that five or six billions would be the amount. We could have put that much over, but are thankful a less sum is enough, which makes another reason for every one doing his bit next Monday.

GERMAN SENTIMENT AGAINST WILSON.

Berlin, April 19.—An extraordinary reaction of sentiment has been set in here against President Wilson. The Germans in some quarters have been led to believe the American president was holding up the peace proceedings in Paris. It is a remarkable fact that while Germany is torn with revolution and suffering from hunger, the dancing craze in Berlin has reached its zenith. And is "jazzing" in all fashionable resturants.

Several ordinances of the City of Maryville under the old form of government were repealed at the meeting of the Board of Comimssioners last night and a number of new ones, including the ordinance relative to the appointment of a City Clerk and his duties were passed.

The first action of the meeting was the repealing of a former ordinance relative to the fees, salary and compensation of certain officers of the city and the appointment of thoese officers.

An ordinance was also passed last night in regard to the time of the regular council meeting. In the new ordinance, to be known as Ordinance No. 819, it is set forth that the meetings of the council are to be held on the first Tuesday night of each month, and are to begin promptly at 7:30 o'clock. Special meetings to deal with any emergency can be called by the Mayor or Council at any time necessary.

At the meeting last night, an ordinance was passed in whtch it is set forth that the city marshall, policeman, or any other person acting in such capacity and performing such service, shall in addition to any other compensation which he may receive from the city, be entitled to receive and collect fees as follows:

The ordinance is to remain on file ten days before becoming effective, and will at that time repeal all other confliction ordinances.

Under the ordinance passed last night relative to the duties of the City Clerk, that individual will be a very busy man. The ordinance says that he is to be appointed for a term not exceeding one year, and in addition to the clerical duties as City Clerk shall render to the city such other services as may be required by the Mayor or the Council. He is to serve as marshall, custodian and driver of the fire truck, and weighmaster. A "BLOODY EASTER"

GOVERNMENT TROOPS GATHERING IN GERMANY AGAINST REDS

JUGO-SLAVS MOBILIZING

Siberian Troops Capture Many Bolsheviki—Several Persons Are Killed in Vienna Riot.

Rome, April 19.—The Jugo-Slav government has issued an order mobilizing all men between the ages of twenty and forty according to newspaper Epocha today. The Jugo-Slavs and Italians are at loggerheads over dispatches of territory on the Adriatic coast. Feeling is running especially high over the fate of Fiume, the port that is claimed by both sides.

Copenhagen, April 19.—Fifty thousand government troops are being sent to Munich to give battle to twenty thousand Bavarian Communist soldiers who are defending the city, said Berlin dispatches today. The Red forces have erected barricades around the city and a "bloody Easter" is in prospect. Munich is now governed by a group of young anarchist students, none of whom is more than twenty-four years old.

Leipzig, April 19.—The Soldiers and Workmen's Council (the Soviet) has declared war against the government. (The foregoing does not make it plain whether it was declared on the central Government headed by Ebert or the government of the State of Saxony. Leipzig is in Saxony, and there has been grave disorders in this district in the past few days. It is likely that hostilities are directed against the local government).

Washington, April 19.—An offensive against the Bolshviki by the Siberian troops in the vicinity of Viatga and Votkinsk resulted in a victory for the Siberians who captured a large number of prisoners, machine guns and other booty, according to official advices reaching the Russian Embassy here from Omak.

Amserdam, April 19.—Several persons were killed during the riots in Vienna Wednesday, said a dispatch from that city today. Soldiers and workmen disarmed the guards of the parliment building and occupied it.

These figures show that Elmo oversubscribed her quota by 100 per cent, Clyde by 81 per cent, Clearmont by 63 per cent, Quitman by 60 per cent and Barnard by 41 per cent. Maryville heads the list on the under subscription by 30 per cent, Conception Junction by 23 per cent and Skidmore by 21 per cent

Of course, these figures do not take in the subscriptions on the Third loan but it looks as though one can tell very easily who should get busy on the Fifth or Victory loan.

BOND VALUES RISE

HISTORY SHOWS LOW PRICES INCREASE AFTER FIGHTING

U. S. FINANCES ARE GOOD

Prospects That Victory Loan Will Sell Above Par—Best Investment in the United States.

Doy ou recall when the 4 per cent United States Goverment Bonds reached 140?

You don't have to be so very old to recall that. And that figure of 140 meant that the man who bought it at $100 per Hundred dollars of Face Value would be able to sell it for $140. And he had been drawing 4 per cent interest on it annually all the time he hed held it.

Bankers and investment brokers are predicting that present Government security issues, the Liberty Bonds, will repeat the history of the old Government Fours.

The records of every great war show that the prices of bonds that were away down in the days of the war and for a time after the actual fighting had ceased, always increased as soon as peace was firmly restored. This happened after the Napoleonic wars in both France and England.

During the Civil War in America, 1861 to 1865, the Government issued many bonds. During these four years the bonds sold as low as 83. The low figure of 83 was reached in 1861 when the Union seemed to be breaking up forever. But that year the highest figure was 95¾.

From 1861 on through the war the bond values steadily rose. They had a practically steady rise on through the war until the panic of 1873 when they stood at 123⅛ higs with the low for that year at 11½.

In 1864 the American Government issued the 1....40 year bonds, and in ten years these rose from 103½ to 116¼.

The man who loads up with Victory Bonds is wise, in the best financial sense of the word. It is the best chance to load up, the last opportunity to buy a high-interest war loan bond.

There are evidences now that the nation is beginning its financial recovery. Abnormal war conditions are vanishing. It has been noted from month to month that there is an increase in bank balances at financial centers, a tendency toward lower rates of money, a lessening of the amount of paper held by Federal Reserve and Member banks, an inflow of gold coin and gild certificates into the banks indicating a greater confidence in the financial situation and a decline in the amount of Federal Reserve notes outstanding.

There is still another advantage that the United States has now, at the close of the conflict. We have a very small per capita debt, smaller than that of ony first class power except Japan. The entire indebtedness of the United States amount to slightly more than 7 per cent of its estimated wealth and is only $170 per capita.

This makes the Liberty Loan of the Fifth or Victory one of the strongest propositions that has ever been pot before a nation with money to invest.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

What Color Of A Tune Do You Like

Perhaps you don't realize there are pink pieces of music, red rags, violet jazz, and blue melodies.

Those who know best about music say so; and undoubtedly we have heard topical songs with a dash of lavender.

Color crops out everywhere. When Goodrich brought forth Black Tread rubber, the color caught; and soon a lot of tires were singing the black song in treads.

Of course it is quality, not color, that makes Goodrich treads outwear others.

The distinctive coloring of Silvertown Cord Tires, and their graceful modeling make them much sought by motorists to dress smart cars.

But Goodrich would make them ugly as an old shoe if ugliness would add another mile to their durability.

"Quality First" rules in Silvertown Cord Tires, and Silvertown quality lasts.

PICK THE WINNERS

MARYVILLE HIGH SCHOOL REPRESENTATIVES CHOSEN

TO COMPETE NEXT FRIDAY

Winners of Coming Event to Enter the State Normal Contest May 10—Prospects Good.

The final try-outs for the sub-district Literary contest which is to be held at the high school next Friday night and which is to be followed by the annual district contest at the State Normal School May 10, was held last night at the Maryville high school auditorium, the winners in the previous preliminary contests contending for the honors to represent their school in the coming meeting.

The finals last night were conducted for each of the separate sections of the program which is carried out in the state contest. Martin Penisten was the winner in the boys' extemporaneous speaking contest; Ruth Bookman in the girls' extemporaneous; Harold Houchens in the boy's oratorical, and Ruth Miller in the girl's declamation contest. The musical contest was won by the boy's quartet of the high school composed of Messrs. Lee Mafer, Floyd Foreman, Clifford Hull and Russell Allan.

The musical contest was judged by Mrs. Fred Robinson, Miss Jennie Garrett, and Mrs. H. L. Raines. All the speaking contests were judged by Prof. C. A. Hawkins, Mrs. C. C. Leeson, and Mrs. Anderson Craig. The essay contest was won by Miss Vivian Lyle, the judges in this event being Messrs. Roy Peasley, L. E. Zeigler, and Superintendent of Schools, J. M McDonald.

Martin Penisten, the winner of the Boy's Extemperaneous Contest made an excellent talk, taking as his subject, "The Victory Loan." The young man presented some excellent arguments why the Loan should be put over at this time, and the personal feeling which he gave to his statements carried conviction.

In the girl's extemperaneous contest, Ruth Bookman took as the subject of her talk, "De-Germanizing Belgium" and although she was given only a few minutes to prepare for the talk, she brought out some vital facts concerning the big question. Ruth Miller, winner of the Girl's Declamation event, gave a clever presentation of her subject "At the Matinee."

Harold Houchens, who was selected to represent the school in the Boy's Oratorical event took as his subject "The War Message." In his talk he gave President Wilson's message to congress when the United States was about to enter the great world war. Speaking clearly and with the utmost confidence, he easily gained the decision of the judges.

Superintendent McDonald announced last night that the winners of the contest have been voted medals by the Board which would be presented at a later date. He also announced that medals would be presented to the winners at the coming contest at the State Normal School.

The students at the high school are looking forward now to the coming contests and as a result of the high standard of the talks given last night, confidence is felt that Maryville will place in the big state meet.

Among the high schools which will be represented at the contest next Friday night in the school auditorium will be Burlington Junction, Elmo, Fortesque, Forest City, Barnard, Hopkins, Fairfax and Savannah.

"A. The Dame Smiled"

Of course she smiled. Ma'mselle fashion just tickled all over with smiles from the top of her smart victory red hat to the tips of her patent oxfords when the weather man sent out "Sunshine tomorrow."

Hasn't the dame done this "hippity-hoppity-doo" on West Third Petticoat Lane; pirouttted down the Rue de la Haines and visited Eversole Esplanade, admiring the rainbow of Spring clothes let down to Maryville just for the Easter parade tomorrow. And then she took her charming little self into the hat shops and preened in front of the chevals and twisted her pretty little head this way and that, friend husband also twisted, trying to get his bill book out of his hip pocket. Dad don't risk curvature of the spine—he just lays his out in plain sight at the beginning of the spring season.

And oh, the gorgeousness of the spring frocks, The minute the armistice was signed every dye man, dry goods man and manufacture hung out the "busy day" sign and soon put forth a riot of colors and fabrics that would make the tony Queen of Sheba look like a modest little wild wood violet. And the Maryville buyers went after the choice things and if there is a women, who isn't done like a conquering heroine tomorrow, the gray matter under her marcel needs an application of Hudnut's cold cream. One's good old "three R.'s" education is most done for, too, now days. When a saucy little flapper speaks of buying hereself a sip per straw, don't think she is speaking of one of those imitation macaroni things used to guzzle Reuillard's chocolate frappes through. Wrong. She refers to a nifty straw, shiny like it had been dosed with alumishine, that she bought down at Ashfords for, really a mere trifle, only $13.75.

But the latest word in styles, the real de luxe clothes are to be worn by the men this season. The head of the National clothiers association says the correctly dressed man must wear colors this season. Imagine the dignified Shulie Ford going to church Sunday dressed in a poilu blue suit, or a big Buick rolling along with C. W. Yehle at the wheel dressed in the latest henna shade. And then there is E. E. Williams, who would wear the reds well. He probably would indulge in the American beauty shades and George Rob Ellison in the new leaf greens and Harvey L. wants any color so it is red, so he will of course select the Victory scarlet, George Baker would look handsome in the purples now shown. By the way, did you know that George B. was authority for the statement that jumping the rope is a sure reducer of embonpoint. But to return to colors Charlie Corwin and Dan Eversole and George Wilfley and E. L. Townsend and the more dignified crowd will prefer the piping rock grays and the lovely browns.

And the blonds like Dick Hotchkins and Will Montgomery can wear the royal purple and rose combinations first and there is a maroon that will be absolutely fetching on types like C. F. Remus and Neil Somerville. And glory me, won't we have an Easter parade tomorrow.

THE MEETING IS POSTPONED

Announcement of Results of Centenary Drive to Be Made Tomorrow Evening

The meeting and dinner of the fourteen workers of the First M.E.Church who are taking subscriptions in connection with the Centenary Movement of the Methodist church, which was scheduled to take place last night at the New Linville hotel, was indefinitely postponed owing to the inability of Dr. Gilbert S. Cox, leader of the campaign to attend. Dr. Cox delivered a lecture at the Methodist church at Arkoe last night.

Dr. Cox announced this morning that owing to the bad condition of the roads, the campaign has been some what slowed up, and that the workers have been unable to visit all the homes planned. He said that the campaign would be continued until the fund has been raised. The results of the campaign, so far, will be announced by Dr. Cox at the morning service tomorrow.

William Collins returned today from a visit at Omaha with his son, L. D. Collins, who is in the service stationed at San Antonio, Texas.

BANKERS TO ASSIST

DECIDED THAT FULL ALLOTMENT SHOULD BE ABSORBED

PATRIOTIC INVESTMENT

No Extensive Campaign Will Be Made as Heretofore—Help Bring the Boys Home.

Resolutions of the Bankers.

Whereas, the United States Government has alloted to Nodaway County the amount of $1,040,750 Vivtory Liberty Loan.

The undersigned bankers of Nodaway County, had a meeting held in Maryville on this 18th day of April, 1919, have decided that Nodaway County should absorb its full allotment, and it is the duty of each and every banker of the County to cooperate with, and assist, as far as possible, the Victory Loan Organization of the County in the sale of these bonds.

The above resolutions were adopted by the bankers of Nodaway County in attendance at the meeting at the Commercial Club yesterday afternoon to discuss plans for the Victory Loan campaign.

The bankers decided that Nodaway County should absorb its full amount of $1,040,750, and that it was the duty of every banker to cooperate with, and assist, as far as possible, the Victory Loan Organization o. the County in the sale of these bonds.

While no extensivee campaign will be made for the sale of these bonds as heretofore, yet efforts will be made to sell the bonds to as many people as possible. Assistance will be given by the Women's Division under the direction of Mrs. D. J. Thomas, chairman for Nodaway County.

The loan this time is for purchase of notes of the U. S. government, due in five years, with 4¾% interest.

That's better than previous loans, A good buy.

Previous loans, which were long time bonds, bringing 4¼% interest on last Monday were selling at .93 on the dollar, which makes 4.57 as compared with 4.75 for the new notes—with 1.04 as compared with the money you invested before.

If you want to make the notes absolutely untaxable, except for estate and inheritance taxes after you are dead, then the notes may be converted into 3¾% notes wholly tax exempt during your lifetime. Compare these again with sililar loans from the government before, which now are selling for .99 on the dollar; the value of the other being 3.53, makes thmis present buy worth 3.75, or 1.06 compared with .99 of the former loan.

But putting a dollar mark before patriotism is like trying to carry mother's love in a money purse. It can't be done. The reason we buy these notes of the government is because Uncle Sam needs the money.

Let's show the country we are not quitters.

Don't let your town or school district lag behind.

If you can't afford to pay the money, then borrow, or pay on the installment plan; 10% on May 10th, 10% July 15th, 20% Aug 12th, 20% Sept. 9th 20 per cent Oct 7th, and the last 20 per cent, Nov 11th, with accrued interest on the deferred instllments.

This will be the last popular loan asked of the people because of the war, says Secretary Glass. There will be further issue of government securities, no doubt, to pay the belated expenses; but the people generally will not be asked to subscribe.

The loan asked of the people this time is smaller than we expected. It was expected that five or six billions would be the amount. We could have put that much over, but are thankful a less sum is enough, which makes another reason for every one doing his bit next Monday.

GERMAN SENTIMENT AGAINST WILSON.

Berlin, April 19.—An extraordinary reaction of sentiment has been set in here against President Wilson. The Germans in some quarters have been led to believe the American president was holding up the peace proceedings in Paris. It is a remarkable fact that while Germany is torn with revolution and suffering from hunger, the dancing craze in Berlin has reached its zenith. And is "jazzing" in all fashionable resturants.

The collection includes a book which shows the entire equipment and operations of the sixth group and there are several dozen large photographs taken by Clun and others of the company which show the cities, country views and army pictures, all taken from aerial observation.. Clun has recently had a furlough and took an extensive auto trip through the Alps mountains.

A "BLOODY EASTER"

GOVERNMENT TROOPS GATHERING IN GERMANY AGAINST REDS

JUGO-SLAVS MOBILIZING

Siberian Troops Capture Many Bolsheviki—Several Persons Are Killed in Vienna Riot.

Rome, April 19.—The Jugo-Slav government has issued an order mobilizing all men between the ages of twenty and forty according to newspaper Epocha today. The Jugo-Slavs and Italians are at loggerheads over dispatches of territory on the Adriatic coast. Feeling is running especially high over the fate of Fiume, the port that is claimed by both sides.

Copenhagen, April 19.—Fifty thousand government troops are being sent to Munich to give battle to twenty thousand Bavarian Communist soldiers who are defending the city, said Berlin dispatches today. The Red forces have erected barricades around the city and a "bloody Easter" is in prospect. Munich is now governed by a group of young anarchist students, none of whom is more than twenty-four years old.

Leipzig, April 19.—The Soldiers and Workmen's Council (the Soviet) has declared war against the government. (The foregoing does not make it plain whether it was declared on the central Government headed by Ebert or the government of the State of Saxony. Leipzig is in Saxony, and there has been grave disorders in this district in the past few days. It is likely that hostilities are directed against the local government).

Washington, April 19.—An offensive against the Bolshviki by the Siberian troops in the vicinity of Viatga and Votkinsk resulted in a victory for the Siberians who captured a large number of prisoners, machine guns and other booty, according to official advices reaching the Russian Embassy here from Omak.

Amserrdam, April 19.—Several persons were killed during the riots in Vienna Wednesday, said a dispatch from that city today. Soldiers and workmen disarmed the guards of the parliment building and occupied it.

Following the dinner last night, Dr. Waters made an address in which he praised the work which is carried on in this county in the development of agricultural training in the schools and pointed out that through such a system the young people of the rural districts are encouraged to remain on the farms.

He visited several of the county schools today, and will probably leave for Kansas City tonight.

These figures show that Elmo oversubscribed her quota by 100 per cent, Clyde by 81 per cent, Clearmont by 63 per cent, Quitman by 60 per cent and Barnard by 41 per cent. Maryville heads the list on the under subscription by 30 per cent, Conception Junction by 23 per cent and Skidmore by 21 per cent

Of course, these figures do not take in the subscriptions on the Third loan but it looks as though one can tell very easily who should get busy on the Fifth or Victory loan.

BOND VALUES RISE

HISTORY SHOWS LOW PRICES INCREASE AFTER FIGHTING

U. S. FINANCES ARE GOOD

Prospects That Victory Loan Will Sell Above Par—Best Investment in the United States.

Doy ou recall when the 4 per cent United States Goverment Bonds reached 140?

You don't have to be so very old to recall that. And that figure of 140 meant that the man who bought it at $100 per Hundred dollars of Face Value would be able to sell it for $140. And he had been drawing 4 per cent interest on it annually all the time he hed held it.

Bankers and investment brokers are predicting that present Government security issues, the Liberty Bonds, will repeat the history of the old Government Fours.

The records of every great war show that the prices of bonds that were away down in the days of the war and for a time after the actual fighting had ceased, always increased as soon as peace was firmly restored. This happened after the Napoleonic wars in both France and England.

During the Civil War in America, 1861 to 1865, the Government issued many bonds. During these four years the bonds sold as low as 83. The low figure of 83 was reached in 1861 when the Union seemed to be breaking up forever. But that year the highest figure was 95¾.

From 1861 on through the war the bond values steadily rose. They had a practically steady rise on through the war until the panic of 1873 when they stood at 123⅛ higs with the low for that year at 111½.

In 1864 the American Government issued the 1...40 year bonds, and in ten years these rose from 103½ to 116¼.

The man who loads up with Victory Bonds is wise, in the best financial sense of the word. It is the best chance to load up, the last opportunity to buy a high interest war loan bond.

There are evidences now that the nation is beginning its financial recovery. Abnormal war conditions are vanishing. It has been noted from month to month that there is an increase in bank balances at financial centers, a tendency toward lower rates of money, a lessening of the amount of paper held by Federal Reserve and Member banks, an inflow of gold coin and gild certificates into the banks indicating a greater confidence in the financial situation and a decline in the amount of Federal Reserve notes outstanding.

There is still another advantage that the United States has now, at the close of the conflict. We have a very small per capita debt, smaller than that of ony first class power except Japan. The entire indebtedness of the United States amount to slightly more than 7 per cent of its estimated wealth and is only $170 per capita.

This makes the Liberty Loan of the Fifth or Victory one of the strongest propositions that has ever been pot before a nation with money to invest.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haarlem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

What Color Of A Tune Do You Like

Perhaps you don't realize there are pink pieces of music, red rags, violet jazz, and blue melodies.

Those who know best about music say so; and undoubtedly we have heard topical songs with a dash of lavender.

Color crops out everywhere. When Goodrich brought forth Black Tread rubber, the color caught; and soon a lot of tires were singing the black song in treads.

Of course it is quality, not color, that makes Goodrich treads outwear others.

The distinctive coloring of Silvertown Cord Tires, and their graceful modeling make them much sought by motorists to dress smart cars.

But Goodrich would make them ugly as an old shoe if ugliness would add another mile to their durability.

"Quality First" rules in Silvertown Cord Tires, and Silvertown quality lasts.
